

MEAT INSPECTION.

German Reichstag Committee
Against Government Bill.

BLOW TO AMERICAN INTERESTS.

"Embalmed" Beef Inquiry in This Country Made Germans Distrustful of the American Packers' Honesty. Action Received in Washington With Grave Apprehension.

BERLIN, May 8.—It is authoritatively stated that the committee of the reichstag to whom was referred the meat inspection bill, which was substantially agreed upon between the imperial cabinet and the United States ambassador here, Mr. Andrew D. White, has reported against the measure and in favor of a bill so hostile to American interests that the government will probably refuse to sanction it.

The most unfortunate circumstances, as regards American interests in the matter of the meat inspection bill, was the fact that there were insistent declarations in the United States that embalmed and poisonous meats had been supplied to the troops in Cuba. Representatives of the German land-owning interests loudly declared that if the Americans sent poisonous meat to their own soldiers they would certainly send it to Germany.

A bad result is that the bill, as reported back, provides for examination and inspection of American meats impossible to enforce without utterly destroying the American trade with Germany.

The bill, as remodeled by the reichstag committee, also proposed to exclude from importation hams, hard and soft sausages, and chopped meats and fresh meats must come in whole carcasses or continuous parts.

The United States embassy and the German government still hope that better counsel will prevail when the bill comes up for discussion in the open reichstag on its second reading, though the chances for the enactment of the government measure are very slim.

GERMANY'S ACTION

On American Meats Received With Grave Apprehension.

WASHINGTON, May 8.—The Berlin cable indicating the failure of the proposed legislation for the abatement of the restrictions upon the importation into Germany of American meat products was received here with grave apprehension. It is beginning to suggest itself to the officials that however well disposed towards fair treatment of American meats the German government may be, it is unable to command the necessary strength in the reichstag to correct the discriminations from which our meats have suffered so long.

The results of the failure of the meat bill are likely to be much broader than are commonly supposed, for it may be stated that our government regards the projected relief of our meat from oppressive discrimination as an absolute essential to the negotiation of any sort of reciprocal arrangement, either under the terms of the Dingley act or under the general authorization to make trade treaties. Therefore it is expected that the negotiations which have progressed off and on during the past few months looking to the making of a reciprocity arrangement will be practically suspended pending favorable action by the German government on the meat inspection bill.

PURE FOOD INQUIRY.

America the Dumping Ground for Adulterated Products.

CHICAGO, May 8.—Further evidence that the United States is being used at present by other countries as a "dumping ground" for adulterated products of food and drink was given to-day before the senatorial pure food investigation committee by Graeme Stuart, of the W. M. Hoyt company, of this city. Mr. Stuart suggested to the committee that a national food law was necessary in this country to protect honest merchants, as well as the consumer, from adulterated foods of foreign countries. He illustrated the fact that Germany, Brazil and other countries were continually, and at a profit, exporting to the United States goods that by special laws were barred from sale in the country where produced.

According to witness the grades of coffee which we receive from Germany in large quantities and which is known as "Black Jack," was nothing more than a mixture of dead and green berries, either of which was not only of the poorest quality, but was unfit for consumption.

The methods used in Brazil, he declared, was picking over coffee beans, keeping the best for home use and shipping to America the grades which were inferior.

Whole Family Drowned.

DALLAS, Texas, May 8.—A report from Benjamin, Knox county, says a terrible storm, with rain approaching a water spout, swept over the country about thirty miles west of that place, and that the family of George Humphrey, composed of four persons, was drowned by the sudden overflow of a branch of the Brazos river. Other disasters are believed to have occurred in the Pan Handle, but the section is almost without wire communications.

Faith Cured Arrested.

NEW YORK, May 8.—President Michael C. Murphy, of the board of health, ordered the arrest to-day of Mrs. Maria Miller, a faith cure healer, who is accused of being responsible for the critical condition in which Lillie Kraus, a 12-year-old child, now is as a result of gangrene in the foot.

The child was first attended by a physician, who said the affected mem-

ber would have to be amputated. The parents refused to consent to this, and called in Mrs. Miller, who, it is alleged, said she could cure the child by laying on of hands. The patient grew rapidly worse under this treatment, and a physician was again called in. He ordered the child removed to a hospital, where the left leg was amputated, but the case had gone too far and it is feared death will ensue.

A coroner's inquest into the case of Mrs. Charlotte Berguet, who died of dropsy in Mt. Vernon after treatment by a Christian scientist, was begun to-day.

WAGE SCALE COMMITTEES

Of the Amalgamated Association Appointed by President Shaffer.

PITTSBURGH, Pa., May 8.—President T. J. Shaffer, of the Amalgamated Association of Iron, Steel and Tin Workers of America, to-day appointed the following wage scale committees to act on recommendations made by subordinate lodges and report to the national convention to commence in Detroit, Mich., next week.

NOTHING TO SAY

Or Nothing to do for Officers Criticized by Court of Inquiry.

WASHINGTON, D. C., May 8.—A very close friend of General Miles and an officer of the army, when asked if there was anything to say or do in regard to the report of the beef board, replied:

"There is nothing for him to say or do. The report has been approved by the President, and the President is the commander-in-chief of the army. Criticism of the report or any other action would be a violation of military duty." Inquiry was made as to the status of officers criticized and what course they might pursue and it was stated that as a military legal proposition it was impossible for any action to be taken by any of the officers aggrieved. They might demand an inquiry, but this would be a court of inquiry which recommended that no further action be taken, this being approved by the President. General Eagan, who is specified in the report, is not likely to ask for any further investigation. Lieutenant Col. Maus, of General Miles' staff, the other officer criticized, feels it keenly. His friends say he was among the witnesses whom General Miles asked to be called and was not called by the court.

Recent Charters.

Special Dispatch to the Intelligencer.

CHARLESTON, W. Va., May 8.—The Dana Steam Laundry Company, of Dana, Tucker county, received a charter Saturday from the secretary of state. The company is composed of J. W. Gandell, J. M. Smith, H. E. Hinton, John F. Getty and H. B. Black. The subscribed capital is \$300; authorized capital, \$10,000.

A charter was also issued to the Knight Errant Company, of Buckhannon, for the purpose of publishing a newspaper and doing a general printing business. The incorporators are H. P. Davis, T. J. Liskett, W. H. Cutright, Eugene Brown, Ebenezer T. Morgan and C. B. Cutright. The capital stock subscribed is \$2,500, all paid up; authorized capital, \$10,000.

World Lose his Case.

NEW YORK, May 8.—A special to the Herald from Washington says: It is possible, war department officials say, that the governor of Colorado may be able to settle the question of the right of the United States to use the volunteers in foreign service before the courts through the medium of habeas corpus proceedings.

This might be done on the allegation that the volunteers are held against their wishes. War department officials say it would be easy to prove by the orders which have been issued that all the volunteers were perfectly free to ask for and obtain their discharge when the treaty of peace was signed. There is no doubt, the authorities say, that the governor would lose his case if brought on this point, but regard habeas corpus proceedings as the only open course to him.

Sherman not a Candidate.

CINCINNATI, O., May 8.—Harry R. Probasco, formerly district United States attorney here, and a relative of John Sherman, made public to-day the following letter from the ex-secretary, in reference to the rumors that he would be a candidate for governor of Ohio:

"You are entirely right in supposing that I have no thought of being nominated or elected governor of Ohio. I do not want the office and could not accept it in my present condition of health and strength. No man of the age of seventy-six ought to undertake the performance of the many details of an executive office. You are authorized to say that I am not a candidate for governor, do not wish my name mentioned in that connection, and would not accept it if nominated."

Output of Klondike Region.

SAN FRANCISCO, May 8.—A letter from Dawson dated April 8 says: The Yukon Sun estimates the total output of the Klondike region for the winter of 1898-99 at \$29,000,000. It is doubtful if this estimate is up to the mark which may reach twice that amount. Notwithstanding the predictions of last fall to the effect that the Canadian royalty

PER-NA'S VICTORY.

Dr. J. B. Hartman, Columbus, O.
DEAR SIR:—I feel like a new woman since using your Per-na. Your medicine has helped me so much that I can work and never feel tired out. When I first began to use your medicine I couldn't sweep my own room, run the sewing machine or lift anything, not even a chair. I even hurt me to ride or walk any distance. Now I can do all this, and I believe more, and never feel the effects of it. I feel so proud of the way it has brought me out that I tell it far and near. I can heartily recommend your medicine to any woman suffering from female disease. I know from experience that your medicine will do just what you say it will. I thank you, Doctor, a thousand times for your treatment. I shall recommend your medicine wherever I go. I know what it has done for me and I know it will do the same for others. I feel that there are thousands of other women who would, after using your treatment, as I did, be thankful. I am so glad I got your treatment. This month is the first time in my life that I can remember of having my menses without pain. Why, I can't do anything but recommend Per-na.—Miss Emma L. Bolden, Wilberforce, O.
The Per-na Medicine Co., Columbus, O., will mail Dr. Hartman's special book for women, free on application, to women only. All druggists sell Per-na.

would stop work, more dirt had been taken out this year on creeks outside of Eldorado and Bonanza than was taken out in the whole district last year. There has been a general exodus to the creeks of men seeking work and the trails where dumps are thickest are lined with the tents of these seeking employment during the clean up.

BELLAIR HAPPENINGS.

Matters of Interest in the Metropolis of Belmont County.

Judge John S. Cochran and Ed Truman were in Belle yesterday in the interest of the first named for procuring attorney. They did not endeavor to do anything more here than suggest if Hunter S. Armstrong could not win Judge Cochran would like to be supported. If Martin's Ferry and Bridgeport delegates feel like contributing to Mr. Armstrong's support if he is the strong candidate most people believe in reciprocity. The crowd are all good men and each locality will hold to its home man no doubt until the tide develops.

The Clark will case comes up in the common pleas court to-day, and quite a number of witnesses are subpoenaed from this city. It is an effort to break the will of Ellen Clark, wherein the bulk of the estate was given to one or two of the heirs, the balance being practically cut off.

Miss Ella Marsh, formerly of this city, but lately of Sistersville, died at her home there of peritonitis. The remains will be brought here this afternoon on the Ohio River road at 3:30, and services will be held in the Christian church at 4 o'clock. Interment at Rose Hill.

Mrs. Mary E. Campbell died suddenly of heart disease. There was only slight warning, but she went about, thinking to overcome the feeling of uneasiness, when she suddenly dropped over dead. The funeral took place yesterday afternoon.

Epworth park has not been opened for the season, nor have the summer camps taken up their abode there yet, but quite a company of folks spent last Sunday at that park, and all agree it will be a delightful place this summer.

The city council meets in regular session this evening. The firemen and the policemen will ask for an increase of pay, and the purchase of property needed for contemplated improvements will come up along with other matters.

The "brain teaser" of S. O. Cummins, by which several boys puzzled themselves to properly list articles he gave them, was won by Master George Nicholson.

Tom Cooper, a Cleveland & Pittsburgh passenger brakeman, has gone to Denver, Col., on a leave of absence.

Gravel Hill folks complain of a lack of attention from the street cleaning and repairing department.

W. C. Warnock and family returned from Warnock's station last night.

The weighing of mails in force the past sixty days ended yesterday.

BENWOOD NEWS.

Local Happenings of Importance in a Busy Town.

Councilman August Hepe will introduce a resolution in council to-night, which is directed at the Wheeling papers. In effect, the resolution will say that Benwood has been unjustly dealt with by the press in relation to the strike, but what will be accomplished by its passage Mr. Hepe was not prepared to state. He is of the opinion that there was just as much disorder in Wheeling, and for further proof that Benwood is no worse than other towns he points to the fact that the street car company doesn't run cars to Martin's Ferry. The location of the barns in this city and the excitement at the part of town in the early days of the strike gave Benwood considerable notoriety, as did obstructions on the tracks here and the treatment car passengers received at the ferry landing. The Wheeling papers have not been partial to any town in the matter, no matter what the mover of this unique resolution or others may suppose.

The telephone controversy will come up before council to-night. The independent franchise is to be considered, as well as the move on the part of the Bell company to get an exclusive franchise for Benwood. As has been stated, the Bell offers a free telephone at the city building and a few trifles in return for the privilege of shutting off competition, and citizens will attend the meeting in force to see if the scheme is railroaded through. An argument against the independent is that the company might sell its franchise without considering its line. But the home people mean business and council can have a clause in the franchise forbidding its sale if it fears the transfer.

A saloon keeper who gave up the business May 1, is running a very sore thumb, the result of a contact with another man's teeth. The saloonkeeper had a debtor and when they met to settle the bill the debtor made a vicious pass at him, and in trying to hold the aggressor back the saloonman happened to shove his thumb in his assailant's mouth. His thumb was badly chewed, but he declined to prosecute.

John W. Wilson, a Baltimore freight conductor, died yesterday. The funeral will occur to-morrow morning, with interment at Cameron. The deceased leaves a wife and a child.

Rev. Paul Metzger and Will Shay returned yesterday from a week's stay in Doddridge county. They speak glowingly of their hospitable entertainment.

Ollie Peabody is home from a trip through the state.

Abe Seifert, the young man from Ohio who figured as a Soldier-Lothario here about two months ago, has returned

WELLSBURG.

Doings of People in the Brooke County Metropolis.

The building operations now under way and in contemplation for the present season cannot assume the proportions of a building boom for Wellsburg. Three dwelling houses on Main street are nearing completion, one has just been completed on Railroad street. In the Third ward, a third story is being added to the S. George residence; extensive improvements will be made to the present school building and a new one erected; and we hear of three dwelling houses to go up in the fair ground addition. All our industries are running on full time with a largely increased force, and never in her history has Wellsburg been so prosperous.

James W. Reed is in jail on a warrant issued by Justice Wright charging him with an assault on Maud, the 9-year-old daughter of John Duce, Reed is a brother of Mrs. Bucy, and boards with the family, and the crime is alleged to have been committed on Saturday last. He is strictly maintaining his innocence of the terrible crime. There was a partial hearing of the case yesterday afternoon, the prisoner being represented by John C. Palmer, Sr., and Prosecuting Attorney Cotton looking after the interests of the state; but an adjournment was taken to await an examination of the child by physicians.

At the special term of circuit court on Saturday the sale of the Wallace farm, in Cross Creek district, by Special Commissioner Robert Patterson, was confirmed. There were 14 acres in the tract, and the price was \$3,851.35. Steven Ramsden, of Pittsburgh, was the purchaser. The sale of the Harrington farm by Special Commissioner J. P. Cree to John Headington, containing 170 acres, price \$2,167.50, was also confirmed.

Robert W. Wells, Jr., a prominent farmer of Beech Bottom, died yesterday afternoon. He had been ill of typhoid fever, and Sunday an operation was performed, from which he did not rally. He was about thirty years old, a son of the late A. W. Wells, and leaves a wife and two children. The widow is a daughter of Robert Miller.

The semi-annual Sunday school convention of the Pan Handle Baptist association will be held at the Ebenezer church, in Cross Creek district, on Thursday and Friday, May 25 and 26. Revs. L. E. Peters, of Clarksburg; S. S. Jewell, of Moundsville; S. L. Purcell, of Claysville, and other ministers are on the programme.

Fred L. Hall has sold out his gent's furnishing business to Arnsfeldt & Wolf, of Martin's Ferry, who will take charge of the store in the city building. Mr. Hall will secure another location and will continue in the merchant tailoring business here and also at Mingo.

John R. Braddock, a former prominent attorney at the Brooke county bar, now of Pittsburgh, was in the city yesterday on legal business in connection with the settlement of the estate of his mother-in-law, Mrs. Nancy Wilson.

Mr. and Mrs. J. P. Johnson, Mr. and Mrs. J. G. Johnson and Mr. and Mrs. Frank Volhardt attended the funeral at Mr. Pleasant, O., on Sunday, of Mrs. Angeline Bashore, a sister of J. P. Johnson.

The jurors for the June term of circuit court were drawn on Saturday. The grand jury will sit on Monday, June 5, and the petit jury is summoned for Monday, June 12.

Rev. C. H. McDonald and family are occupying Dr. B. F. Hardin's house, on Main street, pending repairs to the Presbyterian parsonage.

ADDS HER EVIDENCE.

Story is the Same as From Other Sources.

Lots of Money Spent but no Returns Have Been Received.

The people in West Virginia willingly add their evidence to that which has already been given in favor of Morrow's Kid-ne-olds, the best remedy that has ever been sold in West Virginia for backache, kidney and urinary disorders, sleeplessness and nervousness. Our druggists report wonderful cures, and state that Kid-ne-olds are daily increasing in the opinion of our people. Kid-ne-olds act directly upon the kidneys and nerves and restore them to their natural condition. Good kidneys make good blood, good blood makes strong nerves. Kid-ne-olds make good kidneys and strong nerves.

Mrs. U. S. G. Anderson, wife of the principal of the Oley High School building, Huntington, W. Va., and residing at No. 525 Eleventh street, adds her evidence as follows:

"I was troubled for some time with pain through my head or headache, and also across the small of my back. The pain in my head seemed to be caused from neuralgia. I was nervous, and at night if anything should happen to arouse me, it would wake me with a start, and it would be hours before I could go to sleep again. I read about Morrow's Kid-ne-olds, and secured some at McCullough's drug store and took the treatment as directed for a short time when my suffering disappeared, and I have enjoyed much better health since then."

Morrow's Kid-ne-olds are not pills, but yellow tablets, and are put up in wooden boxes, which contain enough for about two weeks' treatment, and sell at fifty cents a box, at Charles R. Goetz's drug store.

Descriptive booklet mailed upon request by John Morrow & Co., Chemists, Springfield, Ohio.

For sale at Goetz's drug store, corner Market and Twelfth streets.

Bear the Kind You Have Always Bought of

HAVE YOU WEAK LUNGS?

Every Sufferer from Lung Weakness, Consumption, Asthma, Catarrh or Bronchitis Can Be Cured.

Complete FREE Course of Treatment consisting of Four Preparations — The Slocum System —

Nearly everybody you meet will regard it as a kind of insult to be asked if they have weak lungs. All seem to have a solid faith in the soundness of their own breathing machine. In cases of trouble they will admit there is a "heavy cold," "a touch of bronchitis," or even "a spell of asthma," but as to weak or unsound lungs, never, NEVER. Even the poor consumptive, who scarcely speaks without coughing, whose cheeks are wasted, hollow and bear the hectic flush of doom, will assure you with glistening eyes that his cold is on the mend and he will be all right when the weather changes.

It is simply terrible to think how far we may be guilty by our indifference to the lung troubles of those near and dear to us. It is also a sad thought that we may hug a delusion as to our own health that we only get rid of when life itself must pay the forfeit.

Nobody can afford to think lightly of lung troubles. Nobody can afford to be mistaken about their possible dangers. Nobody can afford to neglect them, or "let them wear out," or "get better in the spring," or any other tomfoolery that leads only to wreck and ruin. Lung troubles don't grow backward. Weak lungs don't move strong by themselves—you must heal them and strengthen them, and rid them of the very earliest germs of disease, or you are simply committing a form of suicide. Either you must cure your

lung troubles or THEY WILL KILL YOU. That's the whole situation in a nutshell.

Never was there a cure for lung troubles equal to the newly-discovered Dr. Slocum treatment. This forms a system of Four Remedies that are used simultaneously, and supplement each other's curative action. It cures weak lungs, bronchitis, asthma, coughs, consumption and every other ailment of the pulmonary region. It destroys every germ that can affect the respiratory system, and even in advanced stages of lung trouble positively arrests the tubercular growth, while it also builds up the patient so that his system is enabled to throw off scrofula, rheumatism, catarrh, and other wasting diseases.

Thousands of cured cases already prove these claims. Thousands of grateful people bless the discovery.

The Doctor wants everybody to know the surprising merits of his system. He has arranged to give a free treatment (Four Preparations) to all sufferers. Full instructions for use accompany each treatment.
